

# We Cured This Specialty Hospital's Digital Problems

As one of the most advanced cancer treatment centers in the world, this client in Tennessee wanted to get the word out and generate more leads to help the people who need it the most. Conduit's Client Experience Team and Products Team worked closely with the client to develop a multi-platform campaign designed to reach and re-target active users. We were able to connect cancer patients with a treatment center that could change their lives!
